It's a relatively straightforward fighter that can be played in three ways. ► lv1: This is the highest level of play for the Go Home Core. In it, each hero must fight alone against the other. It's relatively easy to teach, but also ridiculously fast. ► 2v2: This is the standard team fight and can be played as a single team. ► 3v3: As the name suggests, this is the most common mode of play, and it can be played between 2 teams. Other roles ► Headhunter: This is the mercenary and assassin type of unit. A Headhunter is difficult to play, but when they succeed, they can wreak havoc. ► Ranged: These units have ranged abilities. They include: Q - Rocket Grab, W - Fear ► Melee: These units have melee abilities. They include: E - Grapple, R - Riposte, W - Bound Enemy ► Support: Support is split into different categories: Utility and Tank. ► Utility: Commonly includes summoners like Raven, Linkens, Mikael and Maokai. ► Tank: These units are able to soak a large amount of damage before dying. An example is Braum. ► Initiator: These units are heroes that use their ultimates to initiate fights. They include Malphite, Leona, Ryze, etc. ► Jungler: These units are heroes that apply pressure to the map. They include Ryze, Twitch, Leona and etc. ► Tank-Jungle: These units are heroes that use their ultimates to deal 82157476af
